

LINCOLN PETITIONERS FOR STATE WIDE PROHIBITION

Large Number of Citizens Urge Representative Sautley to Vote For Temperance Measure

Frankfort, Ky., March 2.—Temperance leaders from all over Kentucky stormed the legislature Thursday and were given an opportunity to urge in public addresses upon the members the passage of the bill submitting the question of state wide prohibition to the people for a vote. Three splendid addresses were made by Rev. W. E. Arnold, of Danville, vice president of the Anti-Saloon League, Dr. Palmer, president of the league and Mrs. Frances E. Beauchamp, president of the W. C. T. U.

Three prominent democrats and citizens of Lincoln county, Rev. C. H. Greer, W. O. Walker, chairman of the Democratic County Committee, and C. H. Carter, came with the other temperance workers, and brought lengthy petitions to Representative Sautley, of Lincoln, and Senator Montgomery, of Casey, urging that they vote for the bill. There are about 300 names on the petition submitted to Representative Sautley and the visitors from Lincoln told him that other petitions are being signed all over Lincoln county and will be forwarded to him at once. The names on the petitions on this important question, which have so far been sent to him are as follows:

MARCUS PHELPS PASSES AWAY

At His Home in Richmond Friday Very Suddenly

(Richmond Register) Mr. Marcus A. Phelps, one of the oldest and most highly respected citizens of our county died suddenly from heart disease Monday about noon at the home of his relative Mrs. Claude Walton on Glyndon avenue. He had been suffering from uraemic poisoning but been in ill health for about a month, his death came without warning from another cause. The news of his demise spread quickly, and has brought great sorrow to his large family connection and his many friends throughout the county.

Mr. Phelps was one of our oldest citizens, being in his 79th year. He had spent his entire life in this county, and was honored and respected of all men. He was a country gentleman of the highest type, and peacefully lived out his career on his broad acres on Jack's Creek pike, dispensing a generous hospitality surrounded by his children and grandchildren, and enjoying the blessings of a life well spent. He was a man of the utmost integrity, of the most irreproachable life, a devout member of the Christian church of which he was ever a pillar, and in all ways measured up to the fullest standard of true manhood.

A few years ago he had the happiness of celebrating his Golden Wedding, and a great concourse of his friends paid him and his most estimable wife their respects and felicitations on having spent fifty happy years of married life together. He had the satisfaction of having raised a large family to man and womanhood, of having lived beyond the allotted span with the partner of his joys and sorrows and of being at peace with God and man when the call came.

He is survived by his wife and seven children, who are Messrs. D. M. Sam, M. and R. P. Phelps, of his county, Dr. May Phelps, of Fullerton, Tex., Mrs. John W. Fox, of Dawson, Ga., Mrs. Newland Jones of Phoenix, Ariz., and Mrs. Richard Hocker of Stanford. To all of these the deep sympathy of their friends is extended.

Maurice Hudson Dead

Maurice Hudson, of Danville, died at the Hazelwood Sanitarium in Louisville last week. He was the son of Mr. and Mrs. Humphrey Hudson, of Danville. The remains were brought to Danville Friday, and the funeral and interment occurred Saturday. He had been in failing health for some months and was taken to the Sanitarium in Louisville, where the best medical skill and every attention could be rendered him in the hope that his condition might be improved, but without avail. He was a nephew of Mrs. Lucy Beazley, of this place.

Local Woman Now A Big Advertiser

When one of our women customers recently bought five bottles of Harmony Hair Beautifier to give to her friends for Christmas, she started all by herself mighty big advertising campaign, because not only does each one of the women to whom she gave a bottle of the Beautifier now consider it indispensable for the proper care of the hair, but they have been the means of getting several of her friends to use it. As a consequence, if things keep on in this way for a few months longer, we will be selling more of it than of all other hair preparations combined. Sprinkle a little Harmony Hair Beautifier on your hair each time before brushing it. Contains no oil, will not change color of hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather and immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or sickness—just a sweet cleanliness.

The last trial in Circuit Court which consumed most of Friday and all of Saturday, was that of F. B. Ledford against B. D. Holtzclaw and P. L. Cauder. The suit was on rates given for a lot of timber in Powell county. The defense was that Ledford failed to furnish a road to the timber as he had agreed to do and damages were asked on this account, in the sum of \$10,000. The jury was unable to agree on a verdict.

The grand jury returned 108 indictments, many of them for violations of the liquor laws and allowing minors to play pool. It also reported that the jail has been well kept, but that it is sadly in need of numerous repairs.

You Can't Earn Money When You're Laid Up

There are a lot of people in this town who cannot afford to be sick, perhaps none of you feel that you can, but certainly some of you can't, for as soon as you are sick, your wages stop and worry and debts begin to pile up. The sensible thing for you to do, as soon as you feel run-down and worn out, no matter what the cause, is to take something just as quick as you can to build up strength and health. Make yourself more comfortable and provide against serious sickness.

We don't believe there is any other medicine made that will do as much towards saving your health and thus helping you save your money as Rexall's Olive Oil Emulsion. It is medicine that gets right at the trouble and relieves it by toning the nerves, enriching the blood, and giving new strength and health to the whole body. It doesn't do this by means of alcohol or habit-forming drugs, because it contains none. Its strength and health-giving power is due to pure Olive Oil and the Hypophosphites, long endorsed by successful physicians, the one for its food value, the other for its tonic value. Here, for the first time, they are combined, and the result is a real nerve, blood and body-building medicine—a real strengthener that we are proud to tell you about. You don't need to hesitate in using it, because if it doesn't do all we say it will and satisfy you in every way, it will cost you nothing. If it doesn't make you strong and well again, come back and get your money. It will be given to you without word or question. Sold only at the more than 7,000 Rexall Stores, and in this town only by us. \$1. Penny's Drug Store.

Chronic Stomach Trouble Cured

There is nothing more discouraging than a chronic disorder of the stomach. Is it not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle? "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale by all dealers.

DANVILLE'S FIRE LOSS

MORE THAN \$100,000

Gilcher Hotel and Entire Business Block Destroyed Early Monday Morning

The famous old Gilcher House at Danville was completely wiped out at an early hour Monday morning by fire which originated in the elevator shaft on the third story. The fire was discovered about one o'clock. The porter hurried to the office and spread the alarm. Clerk Webb endeavored to call the telephone office but found that the wire was disconnected. The porter hurried to the rooms occupied by guests and aroused them, while Webb ran to the telephone office and called the fire companies, which responded very promptly. The theory as to the origin of the fire is that an electric wire became crossed with a call bell wire, resulting in a short circuit which started the blaze and caused all the bells to ring simultaneously. All the guests escaped.

The Gilcher Hotel was owned by Mrs. Emeline Gilcher, of Danville and probably worth \$50,000. The insurance carried was \$20,000. The clothing store of T. O. Miller was a total loss, the fire had gotten under such a headway in such a short time that not a thing was saved in this store. His loss will be about \$18,000 with \$9,000 insurance. Some goods in the establishment of Cook & Cable were saved. They had \$3,000 insurance. The clothing store of M. Joseph & Company was completely destroyed. Loss about \$8,000 and insurance \$3,500. The grocery store of M. Geary was heavily damaged by water, fire and falling walls. The chairs in the chairs in the Gilcher House barber shop were saved. All the fixtures and furniture in the hotel was lost.

Danville is now practically without hotel accommodations. The interior of the Clemens House has been undergoing repairs, all paper has been removed from the walls and Mr. Weisinger states that at this time the building is not in condition to be occupied. The Gilcher Hotel Annex will probably be converted into a temporary hotel to accommodate some of the traveling people, while the over-flow will be forced to secure accommodations at the various boarding houses. It is presumed that the Clemens House will be opened as soon as possible and that in connection with the Annex will provide temporary accommodations. It is very probable that immediate steps looking to the erection of a modern fire-proof hotel with conveniences.

U. S. Officer Too Well Paid

Washington, March 2.—In the opinion of Representative Harvey Helm, the officers of the United States army are too well paid. His ire was aroused during the consideration of the Army Appropriation bill in the House Friday when Representative Humphreys insisted in an earnest speech that the salaries and perquisites of officers ranking from "a Sergeant to a Lieutenant General" were incommensurate with the service they performed or were prepared to perform.

"I take issue with the gentleman from Mississippi," said the Kentuckian who served during the last Congress as chairman of the Committee on Expenditures in the War Department. "Army officers get too much now and their salaries ought to be shaved down."

FARMERS' INSTITUTE HELD

Held at Brodhead Last Week, Was a Great Success

Brodhead, March 2. The Farmers' Institute held at this place Thursday the 26th, was largely attended. It is pleasing to note the fact that great interest is being taken by the farmers in these educational meetings. This institute was held by the State Agricultural Department, and a number of good speakers were present. A program had been prepared in which some home talent was used to add to the pleasures of the occasion. Prof. Likens of the graded school made an interesting talk on the Corn Club of Rockcastle and enlisted a number of wide-awake young men, who it is believed will teach their fathers a thing or two, when it comes to raising corn, where the amount and quality is to be considered, a step in the right direction for the young man. The young ladies as well, were not slighted, from the fact that canning clubs are being organized by Miss Ella Carson all over the county, who was present on this occasion and gave an interesting talk. Domestic Science was no less interestingly presented by Mrs. Ginn to both old and young in the directors' room of the Citizens' Bank.

George Brummett sold to Wm. Hy-singer a mule for \$125. Mr. Brummett has recently arrived from Pineville with a car load of cattle that he is getting ready for the Stanford market.

Corn is selling at \$4.50 per barrel and hay is plentiful at a low figure. Hogs are very scarce and milk cows are in great demand.

Measles are about played out it seems as there are only 54 cases now in town.

John Robins was in Richmond Saturday looking after the interest of the creditors of the Old Rockcastle County Fair Association. The bad weather is causing a halt in the work of cleaning the grounds for the New Brodhead Fair this however does not keep the interest down. Subscriptions are being received daily for the capital stock. Anyone wishing stock in the new company will receive attention by writing the secretary of the new association. Mr. John Robins, who will tell you the price of admission to our books at this time is only \$5. With a view of another five a little later.

The parties taking the civil service examination for the postoffice at this place some weeks ago are doing plenty of reading now searching the papers to see if their names can be found in Washington news. All the regret we have to offer is that the town and community could not afford enough postoffices for all the democrats to have one. The republicans are willing to stand back and see if they can run Uncle Sam's business.

R. S. Martin the tobacco man who has been very sick for some days is better at this writing.

Rev. A. J. Pike filled his regular appointment at Oak Hill three miles east of this place.

Mrs. Walter Smith, of Crab Orchard, who was Miss Mattie Owens, before her marriage is spending this week as the guest of her parents.

J. Thos. Cherry, of Crab Orchard, was in this town one day last week looking after his interest here.

The Literary Society held their monthly meeting in the opera house over the Citizens Bank where an interesting program was presented.

John Selastin, former vice president of the Rock Island, native of Kentucky died at Evanston, Ill.

Less Dyspepsia Now—Here's Reason

The fact that there is less dyspepsia and indigestion in this community than there used to be is largely, we believe, due to the extensive use of Rexall's Dyspepsia Tablets, hundreds of packages of which we have sold. No wonder we have faith in them. No wonder we are willing to offer them to you for trial entirely at our risk.

Among other things, they contain Pepsin and Bismuth, two of the greatest digestive aids known to medical science. They soothe the inflamed stomach, ally pain, check heartburn and distress, help to digest the food, and tend to quickly restore the stomach to its natural comfortable, healthy state.

There is no red tape about our guarantee. It means just what it says. We'll ask you no questions. Your word is enough for us. If Rexall's Dyspepsia Tablets don't restore your stomach to health and make your digestion easy and comfortable, we want you to come back for your money. They are sold only at the 7,000 Rexall Stores, and in this town only by us. Three sizes, 25c, 50c and \$1. Penny's Drug Store.

Did Wayne Farmer Suicide?

With his hands tied under his right leg with a strip of hickory bark, one end of which was tied around his neck, the body of Charles Savage, a farmer, who disappeared a week ago, was found hanging from a pole placed on two large rocks, Savage lived near Parnellville, in Wayne county. Whether Savage committed suicide or was murdered no one has been able to ascertain. In his pockets were found \$250 in cash and notes for \$160.

C. L. Gover Buys Meat Shop

C. L. Gover, who has for a number of years conducted an up-to-date restaurant in this city, has purchased the meat shop of Fields Bros. Mr. Gover will move the shop in the same room, where he has the restaurant and run the two in connection.

STATE FARMERS' INSTITUTE

Takes Strong Position on Subjects of Importance to the State

The State Farmers' Institute in session at Frankfort last week adopted the following strong resolutions on subjects of vital interest to the people of the state:

We wish to re-affirm our endorsement of the Croan dog tax law, and to deprecate any effort to repeal or weaken the effect of the same.

We urge that the bills tending toward agricultural education be given your endorsement and especially do we ask for the passing of such bills as provide for the teaching of agriculture in our common and high schools.

We affirm our interests in good roads, and in our opinion, the establishment of a Highway Commission has been and is valuable in this work. And, therefore, we deprecate any legislation, which may tend toward hampering the activities of the State Highway Commission, as a step backward and to the evil.

We wish to voice our approval of the proposed exhibition of the agricultural resources of Kentucky at the Pan-Pacific Exposition. It seems to us that failure to have a creditable exhibit of our agricultural exhibit of our agricultural and live stock interests will be calamity to our state.

Further, we are quite sure that the Kentucky State Fair is doing a great work for the farmers of Kentucky—and is deserving of all State aid heretofore given it, and deplore any efforts which may be made to repeal same.

Further, we endorse the Farm Registration Bill as introduced in the Kentucky House as a protection to the farmer and as a progressive measure. We respectfully urge that the General Assembly enact the bill now pending enabling the Fiscal Courts to appropriate the money necessary to employ County agents in co-operations with the Federal Government under the Levee Bill.

A Western Kentucky Viewpoint

Under the heading "A Splendid Servant", the Franklin Favorite, one of the leading democratic papers in the western part of Kentucky, had this to say of Lincoln county's representative in the legislature:

Shelton M. Sautley, editor of the Interior Journal, is one of the acknowledged leaders of the House, and the good people of his county have reason to congratulate themselves upon their selection of a representative. Trained in the newspaper business and thoroughly informed along lines of general information, Mr. Sautley possesses also a stock of that rare commodity—common sense—and hence is serving his county, people and State with credit and satisfaction.

The Forty Year Test An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is favorite after a period of more than forty years. It not only gives relief—it cures. For sale by all dealers.

ROAD ENGINEER BILL IS PASSED BY HOUSE

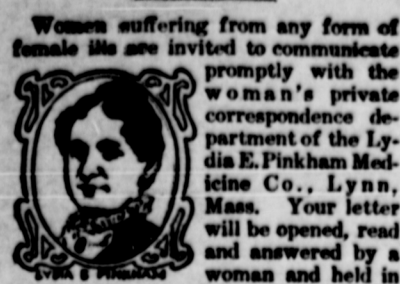

Sautley's Measure Gives People of Each County Right to Say Which System They Want

Frankfort, Ky., March 2.—The House of Representatives on Friday passed the bill providing for a change in the road law, pertaining to the management of the roads in each county, which was the chief plank in the platform upon which Representative Shelton Sautley of Lincoln county, made the race to represent that county in the legislature. The bill, as passed by the House gives to the people of each county the right to say whether they want their roads managed under the road engineer system, which at present prevails, or whether they wish to return to the old system of overseers with the men living on the roads to work them, and thus pay their poll taxes.

Representative Sautley has worked unceasing for this bill ever since the session began. He submitted, along with several other members, a bill on the subject. Representative Rogers, of Marion county, also had a similar bill, which the committee on Public Roads and Highways recommended for passage, after substituting the Sautley bill for Rogers measure. As Rogers was a member of this committee and Sautley was not, the bill came out from committee under Rogers' name but it is the original Sautley bill in every detail. When it came upon the floor of the House Friday for the final act, Sautley secured adoption of an amendment providing that upon petition of not less than three and not more than ten per cent of the voters of a county, the question of whether the people want to vote of the people of a county, road engineer or not, must be submitted to a vote of the people of a county, and if the people vote that way they want the engineer, he will be elected as are other county officials, every four years. This amendment puts the matter directly into the hands of the people, if they so desire, to be decided by their vote. Otherwise the question of which system the county's roads shall be managed under, is left to the discretion of the fiscal court. Representative Sautley believes that this bill will meet the wishes of a very large majority of the people of Lincoln county. When he made his race before the primary and in the general election, he found that the road question was one that the people as a whole considered more important at present than any other, and he pledged himself

IF CHILD IS CROSS
FEVERISH AND SICK
Look, Mother! If Tongue Is Coated
Give "California
Syrup of Figs"

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is they become tightly clogged with waste liver gets sluggish, stomach sour, then your little one becomes cross, half sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach ache or diarrhoea. Listen, Mother!

If tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grownups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.
